

CLUTCH

Clutch Kits & Components

Clutch Kits

Wiseco utilizes the same precision forging and machining processes used to make pistons, to produce the toughest clutch components in the clutch aftermarket! Every Wiseco clutch basket, inner hub, and pressure plate are forged in Wiseco's in-house precision forging facility, and are machined using the same state-of-the-art CNC equipment used to make pistons. Wiseco's name is synonymous with high quality pistons... now you can add high quality clutch components to the list!

Clutch Pack Kits

Clutch pack kits contain everything you need to upgrade your worn out clutch plates and springs. Each kit comes with new *frictions, steels, and clutch springs*; all made from premium grade materials. The frictions and steels are made to exact OEM tolerances and specifications, and produce the same consistent feel and long wear resistance of OEM plates. Wiseco clutch springs are 8-10% stiffer than stock to ensure a positive clutch lockup every time. Clutch pack kits are an easy solution to worn or slipping clutch packs.

Performance Clutch Kits

Wiseco performance clutch kits take the clutch pack kits one step further by including a *Wiseco forged clutch basket and new rubber cushions*. Wiseco forged baskets are tougher and stronger than stock, and achieve higher fatigue properties than any other clutch on the market. The hardcoat anodizing wears like iron, and greatly extends the life of the basket against notching. Also included is a full set of frictions, steels, and clutch springs made from premium grade materials.

Extreme Clutch Kits

Extreme Clutch Kits come with everything you need for a full clutch replacement, including a *forged clutch basket with new cushions, a forged inner hub, and forged pressure plate*. Also included is a full set of frictions, steels, and springs made from premium grade materials. When you need the best in forged clutch components, choose Wiseco for that factory-racing feel and extreme performance!

See far right (gray) columns for available kits.

FEATURES

Clutch Kits & Components

Features

Benefits

Clutch Baskets, Inner Hubs & Pressure Plates

Lifetime Guarantee!

- Built on dedicated precision forgings
- Made from Aerospace grade aluminum alloy
- Hard coat anodized
- Teflon coated
- Supplied with high-quality fasteners with pre-applied thread-locker
- Designed to maximize strength through “feature aligned grain flow”, and utilizes as-forged features that can only be produced using Wiseco’s precision forging process. Produces higher mechanical properties and resistance to impact and fatigue.
- Certified raw materials produce the highest quality finish products.
- Produces an ultra tough abrasive resistant surface, and ensures a long life of smooth clutch operation through the elimination of wear on the sides of the clutch basket tabs.
- Seals the coating to create a near frictionless surface for the clutch plate tabs to glide upon.
- New fasteners are high-strength and come with the thread-locker pre-applied.

Clutch Accessories - Plates, Springs & Covers

- Manufactured from premium materials
- 8-10% stiffer springs than OEM
- Billet machined clutch covers
- Hard coat anodized and Wiseco engraved
- Offer a long life of wear resistance, durability, and smooth clutch operation
- Extra spring stiffness ensures a positive clutch lockup without slippage. High performance feel and durability, from premium quality springs.
- Billet clutch covers are stronger and more durable than stock die-cast magnesium covers. Offer better engine protection against punctures or fractures from side impacts.
- Produces an ultra hard wear surface to protect against boot wear. The clean Wiseco logo dresses up the engine and shows off the high quality brand clutch components.
